

The trend of the pipes & fittings is at the hit the highest point at occupation stage, 400+ billion of market is assumed proof that is visualize to increase day by day is an noticeable truth that has increased the competition between the pipe manufacturing firms alongside each other demands and to maintain and be in advance, first rate quality of the plastic pipes and fittings is supreme and to support such extruder industries, we are here with a qualified and innovative range of the plastic pipe extrusion plant/ PPR pipe plant that is made to maximize the production of the pipes and to minimize the production cost of the same.

PVC Pipe Plant

We manufacture all the size of PVC pipes with superior quality. And our production department can produce the pipes with excellent quality products and also analysis the current market trends and customers' requirements.

Our each and every employee keeps in mind, towards the aim and utmost care is taken to ensure product quality, packaging time delivery, reasonable prices and excellent sales services.

Convincing Benefits of PPR Pipe Plant

- Delivers a high number of pipes per hour
- Guarantees uninterrupted performance
- Delivers high quality PPR pipes having greater strength & appeal
- Completely automatic user interface
- Low maintenance and low cost of producing

PPR Pipe Extruder

PPR Pipe Extruder Plant presented is support by hottest technology maintain and finds use in production of [PPR pipes](#) which are used in building hot and cold water systems including central heating systems, floor, wall and radiant heating systems.

There were mainly two types of PPR Pipe Extruder

- ☞ Twin Screw Extruder
- ☞ Single Screw Extruder

Uses of Twin Screw Extruder

- Modular screw parts
- Modular flanged barrels
- Screw parts assembled on high torque splined shafts

Uses of Single Screw Extruder

The Single screw extruder is used in PVC, plastic, Film Extrusion production, the industries which performing a high efficiency and reliable performance on soft PVC, PP, PE etc. and many more.

Uses of Single Screw Extruder

Address

80, Devraj Industrial Park,
Piplaj-Pirana Road, Piplaj,
Ahmedabad – 380005,
Gujarat, INDIA.
